## January 2022

6th January 2022

Dear Parents/Carers,

Happy New Year to you all, I can't believe that we are in 2022!! The children have settled back to the routines of school well and have started to find out all about their exciting new topics. It is always a challenge to return to school in the cold winter January mornings, especially after all the fun of the Christmas break; the children do, however, really enjoy being back with their friends.

Best Wishes  
Mrs L Partridge

Due to the continuing risk of Covid-19, we still need to follow guidance and keep our classrooms well ventilated (ie doors and windows open) As the weather is getting colder, please make sure that if your child feels the cold, they have plenty of layers on at school.

### PARENTS OF YEAR 2 CHILDREN

If you have not yet applied for a place at the Junior school, you will be receiving a reminder letter today. It is really important that your application is made in time, to ensure that your child is allocated a place. Places are not automatically offered, even though we are the only school that feeds into the Junior School!

### ATTENDANCE

Please remember that if you make any non-urgent medical and dental appointments for your child, we ask that they are not in school hours.

Please please name all of your children's hats, coats, gloves and scarves, we are having lots of really lovely items handed in to the office that we cannot return!

### REMINDER

We are able to take card payments for uniform, trips etc. This is now our preferred payment method.

When you come into the school/office...

Please  
Wear a Mask or  
Face Covering

*Thank you!*

FOREST SCHOOL DATES	
Friday 7th Jan	Badgers and Hedgehogs
Friday 14th Jan	Squirrels and Owls
Friday 21st Jan	Badgers and Hedgehogs
Friday 28th Jan	Squirrels and Owls
Friday 4th Feb	Badgers and Hedgehogs
Friday 11th Feb	Squirrels and Owls

Please support us to keep your children warm during Forest School sessions. The only time that children don't enjoy Forest School as much as usual is when they get cold; now the weather is really cold the children **need** to have lots of layers as they spend 2-3 hours outdoors.

Thank you to those of you who do this, your children stay toasty warm and really get the most out of their sessions!
